CUSTOMIZATION

One-stop Urban, Street and Site Solutions

Backed by robust modular design frameworks, seamless smart technology integration and standardized, quality-controlled production workflows, our outdoor furnishings balance timeless aesthetic design, outstanding weather resistance and reliable long-term performance. Whether for municipal public parks, luxury resort landscapes, residential community green spaces or commercial streetscapes, our tailored street furniture systems create safe, elegant and low-upkeep outdoor environments that stand the test of time.

SUN LOUNGER

SUNSHADE

A high-end outdoor lounge area featuring several beige chaise longues with patterned cushions, arranged on a light-colored stone deck. Two large white patio umbrellas provide shade. Small round tables with decorative items and tall brass lanterns are interspersed among the seating. A swimming pool is visible on the left, and a modern building is in the background.
